

Fabric Bowls II

Linda Johansen
(541) 758 - 9333 e: lindajo@peak.org

You will make two styles of bowls in class. Please check the supply list carefully.

Supply List:

sewing machine in **good working order** and able to do short stitch length zig-zag (satin stitching)

open toed embroidery foot for your machine (Bernina = #20)

darning foot for your machine if you have one

sewing machine needles: size 80/12 - **top stitching**

2 + extra bobbins (the more the better)

cotton or polyester threads.... **whatever you are comfortable using** - this is **NOT** the time to experiment with new threads!

scissors for thread & fabric cutting

double curved, duck billed applique scissors

pencils for marking fabric (lines will not show - #2 pencil is fine + white marker)

school compass or 1" x 12" ruler and Gridhold compass points

seam ripper

rotary cutter & rotary cutting mat - medium to large will be easiest to use

hot iron cleaner

ironing protective sheet - to protect ironing board from fusible web (I use June Tailor, 18" sq) dinner plate or other large round "template"!

18" ruler with 45 degree angle marked on it (longer is ok!)

equilateral (60 degree) triangle ruler (Clear View by Sarah Nephew is a good brand)

extra irons & ironing boards would be helpful - bring a cloth to cover & protect the surface

1 yard # 16 polyester cording

heavy duty extension cord & electrical strip

Liquid to drink in class if desired.

Fabric:

Minimum of 2 fat quarters for one bowl, and three for the other

The three fabrics should be a main and two accents. The two should somehow coordinate with each other. Bringing more will give you more options - always helpful
1/2 yard of heavy COTTON duck (canvas or denim ok) - color doesn't matter, it won't show

Please be brand specific on these two:

Timtex (@ 1/2 yard) - do not get heavy duty interfacing!

2 yds Wonder Under fusible web - Steam-a-Seam and Heat & Bond brands do not work for the bowls.
